

## isolved Benefit Services

# COBRA Administration

Achieve compliance while spending more time delivering value to your business.

There's no way around it, when it comes to achieving compliance, COBRA is complex and time consuming. Staying on top of legislative changes while managing notice requirements against different time frames can be overwhelming. It's not unheard of for a single COBRA compliance rule to take as many as ten steps!

### A trusted partner

Since the inception of the law, isolved has been providing COBRA administration services. And since then, isolved has served as the industry leader in simplifying the process, while helping employers like you remain compliant.

As regulations change, isolved products and services adapt so you don't have to worry. Even new laws are easily and quickly integrated into your COBRA management solution.

### Features & Benefits

Reduced risk of fines and lawsuits for compliance errors.

Prompt management of COBRA elections and premium payments

Easy web-based or EDT reporting

Web and call center support

COBRA notices that exceed DOL requirements

30+ years of industry-leading COBRA knowledge and experience

"MichBusiness is excited about our new partnership with isolved. Our business members across the state have access to a variety of compliance and HCM offerings through isolved that provide award winning solutions, plus excellent service that is focused on supporting Michigan businesses. We ignite greatness in companies and their people and this partnership with isolved will help businesses do just that."

Jennifer Werner, Executive Vice President, Insurance Operations MichBusiness

Spend more time managing your business, not administering COBRA.
