

Shopping for care is easier than ever at bcbsm.com

You shop and compare prices online every day — from clothing to cars and flights to hotels. You want quality items and services at the best prices. Most of all, you expect to see prices and ratings to decide what's better for you.

Health care shouldn't be any different.

At bcbsm.com, you get the information and tools you need to make more informed decisions to shop for quality health care at lower costs.

As a registered bcbsm.com member, you can:

- **Find** all your health care plan information in one place using your mobile device or computer.
- **Check** the status of your coinsurance, deductible and recent claims.
- **Estimate** treatment costs for providers and facilities across the country.*
- **Search** for a doctor in your plan and read and write patient reviews.

Now you can do even more with the new *Find a Doctor*.

- **Easier search experience:** One search field for looking up providers, treatments and conditions.
- **Expanded cost estimates*:** Cost estimates for 1,600 health care services, such as lab tests, CT scans and surgeries.
- **The complete picture:** A timeline for planning a surgery that shows all services involved and each of their costs — from initial visit through therapy.

**Information for PPO members only.*
